**The Artspace55 Art Club is a space for you to share your creativity with others**

Think about the theme we have suggested and then create what that theme means for you. You can use photography, digital media, collaging, painting, drawing or a poem/words.

THEME.

**'A Moment In Time'**

Life is made up of moments, both happy & sad

Use your own experience to express a moment in time you would like to share, or capture different moments as you go about your everyday life. It could be about special places where you like to wander or relax, a moment that captures your imagination or an object that means something to you. It can be a painting, a poem, a photo or ....all of these combined.

## What happens next...

if you have created a painting or poem take a photo of it and send the photo to Margaret. If it's a photo, just send the ones you like the best.

We will then display your picture or photo on the Artspace55artspace Instagram page.

You can then share the link with friends / family so that they can see what you have created, and you will be able to see the work created by the other participants.
